*Los Angeles Police
Department*

July 28, 2020

Dear NOBLE Member/Supporter:

As we all know, 2020 has been a challenging year thus far for everyone. COVID-19 has impacted us in so many ways and changed the way we all live our daily lives. The government and NOBLE National has placed restrictions on large gatherings to prevent the continued spread of this harmful virus. As a result and regrettably, Southern California Chapter of NOBLE is cancelling our rescheduled August 21, 2020, Annual Achiever's Awards Dinner. We will be honoring the 2020 Achiever's Award recipients in March of 2021.

Your Southern California Chapter of NOBLE is a community service organization. The Achiever's Awards event is the Southern California Chapter's only fundraising event on an annual basis. While the event recognizes law enforcement professionals and supporters, the revenue raised from the event is used to fund our community scholarship awards and many charitable community service activities.

The chapter will be honoring its community scholarship and charitable support commitments for 2020, however we need your continued support to meet those commitments. We ask that you make your Achiever's Award Dinner purchase a donation to the Southern California Chapter of NOBLE this year. This donation will allow us to continue to support our youth and communities. We know that some may be facing some financial challenges from COVID-19. If a donation is not feasible, we could also apply your purchase to the 2021 Achiever's Awards Dinner or provide a refund. You may indicate your desires [here](#). Please complete your response by September 1, 2020. If you want to donate your 2020 Achiever's Award Dinner purchase, you do not need to take any action.

The Southern California Chapter of NOBLE greatly appreciates your continue support and wishes you well during these trying times. Please stay safe at home, wash your hands frequently, wear your masks when outside the home and maintain a safe distance from others. We want you to be healthy and safe for the NOBLE 2021 Achiever's Awards Dinner.

Sincerely,

Chris Waters

Chris Waters
